

Neighbor Brigade has launched exciting and engaging local and organizational sponsorship opportunities. Your business can become a true Neighbor Brigade partner by choosing one of our chapter sponsorships. In exchange, you will receive year-round partnership opportunities with your Neighbor Brigade Chapter, engagement for your clients and employees and promotion, visibility and marketing for your company. Opportunities include:

#### **Community Angel Partnership**

Exclusive Opportunity to co-brand with Neighbor Brigade in your chosen market. Benefits include visibility on all chapter outreach, social media, newsletters, chapter events and drives.

#### **Volunteer Training Sponsor**

Opportunity to positively impact our pool of over 3,000 volunteers. We are continuously recruiting new Neighbor Brigade members who need to be trained in our volunteer software platform, best practices, safety and processes. This partnership opportunity helps underwrite the cost of technology, e-training tool development, materials and insurance.

#### **Recipient Toolkit Sponsor**

Opportunity to positively impact our recipients. When Neighbor Brigade commits to help a new family or individual through a crisis, chapter leaders need to be prepared with supplies and tools to ensure success. Coolers are helpful to have for each family receiving meal deliveries and stationary is useful to send notes to both the families receiving services and volunteers to appreciate their efforts. Printed materials including brochures and other promotional items are very helpful to help spread the word about the services Neighbor Brigade can provide.

Please reach out to [Mark@NeighborBrigade.org](mailto:Mark@NeighborBrigade.org) to discuss a chapter sponsorship opportunity.
